MEMORANDUM FOR THE RECORD

SUBJECT: Section 65 Production

1. Karim Key reported (by telephone) that his sections on The Netherlands and Spain will arrive in early April. Three copies of The Netherlands draft are being sent now to State to try out the new review procedure.

2. BIC is reshuffling into adjacent rooms; Key into Room 3061. The room has no airconditioning; he can hear through the wall; morale, he says, is sinking because of the lack of attention by Mr. Simpson who, although expected to address Key's group, was too busy.

3. Mr. Key has done some work on the proposed consolidation of Section 64 and 65.
